

**REMARKS**

Claims 1-17 are pending in this application. By this Amendment, claims 1, 11, 13, 15 and 17 are amended, without narrowing the claims. No new matter is added.

Applicant appreciates the courtesies shown to Applicant's representative by Examiner Brinich in the April 19, 2006 personal interview. Applicant's separate record of the substance of the interview is incorporated into the following remarks.

Applicant appreciates the Office Action's indication that claims 1-17 contain allowable subject matter and would be allowable if rewritten to overcome the 35 U.S.C. §112, second paragraph, rejection, discussed below.

The Office Action rejects claims 1-17 under 35 U.S.C. §112, second paragraph, as indefinite. Specifically, independent claims 1, 11, 13, 15 and 17 are rejected for allegedly failing to recite proper antecedent basis for the first and second dimensions associated with the plurality of high-addressability pixels. The rejection is respectfully traversed.

Claims 1, 11, 13, 15 and 17, as amended, are identical to the proposed amendments presented at the April 19 personal interview. As indicated by Examiner Brinich during the interview, the amendments appear to overcome the rejection by clarifying the claims. Thus, it is respectfully requested the rejection be withdrawn.

In view of the foregoing, it is respectfully submitted that this application is in condition for allowance. Favorable reconsideration and prompt allowance of claims 1-17 are earnestly solicited.

Should the Examiner believe that anything further would be desirable in order to place this application in even better condition for allowance, the Examiner is invited to contact the undersigned at the telephone number set forth below.

Respectfully submitted,

James A. O'Neill
